Community Gardening Group

Cherry Garden estate: Carol has just organised bulb planting sessions around this area, so in spring we hope to see hundreds of daffodils, tulips and other bulbs coming up between West Lane and Marigold Street, funded by the TRA.

Wilson Grove estate: Our TRA applied for funding to put additional plants and shrubs into these communal flower beds. We were delighted to get £4,000 from the Thames Tideway community enhancement fund and will now plan with the council what to put where.

If you would like to join our gardening projects, please text 07809 409551.
